

Social Distancing Measures

COVID-19

There is currently no vaccine for COVID-19 so the most important thing you can do to slow the spread is practice **social distancing**.

Keep your distance

Try to keep a safe distance of **1.5 metres** between yourself and other people where possible.

Avoid physical touch

Try not to touch other people and avoid physical greetings including handshakes, hugs and kisses.

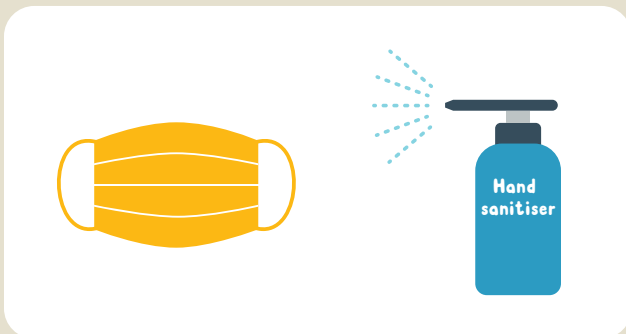

Public Transport

When using public transport, **sit on seats marked with a green dot** and keep a safe distance of 1.5m between yourself and others.

Practice good hygiene

Make sure you cover your coughs and sneezes, avoid touching your face or surfaces and wash your hands regularly.

Public Gatherings

It is important to practice good hygiene and stay safe when attending public events and gatherings.

Get tested for COVID-19

If you are showing any **COVID-19 symptoms** including fever, dry cough, shortness of breath and/or sore throat make sure you visit your local COVID-19 testing clinic to get tested.

Let's keep our community safe, strong and healthy.

Please visit health.nsw.gov.au for the latest information on COVID-19.
