

# MEDIA RELEASE

**AH&MRC**  
Aboriginal Health & Medical  
Research Council of NSW

Friday 4<sup>th</sup> of November 2022

## **AH&MRC has unveiled a new logo for 2023.**

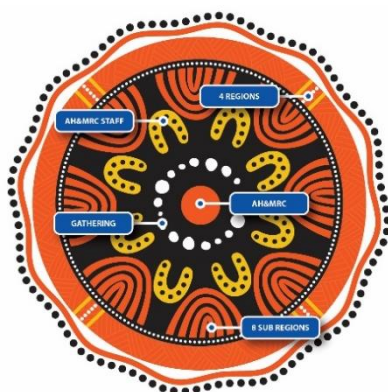

The Aboriginal Health and Medical Research Council (AH&MRC) unveiled a new logo at their Annual General Meeting in October 2022, that aligns with the new vision and structure that the AH&MRC has embedded in the Strategic Plan for 2022 – 2025.

This logo will take effect 1<sup>st</sup> of January 2023.

The current logo represents twelve regions, whereas the new structure of the AH&MRC only has four regions. The shape has also changed, from being the state of New South Wales (NSW), to a circle, to reflect that some of our programs and partnerships have now expanded beyond NSW.

The new logo centres around AH&MRC as the middle unit and that represents a notion of gathering or meeting place. As the regions have all been divided into four, the logo shows that the AH&MRC reaches our eight sub-regions under the four regions which covers the state of NSW.

The artwork for the new AH&MRC logo was created by artist and Kamilaroi woman Rhonda Sampson.

**About AH&MRC:**

The Aboriginal Health and Medical Research Council (AH&MRC) assists Aboriginal Community Controlled Health Services (ACCHOs) across NSW to ensure they have access to an adequately resourced and skilled workforce to provide high-quality health care services for Aboriginal communities.
